## Aufgabe 1

### Dictation

We went to Germany for our holidays last year.  
The journey was very long because we went by car.  
And it wasn't very pleasant because the roads were so busy in August.  
We went in my parents' new company car.  
We travelled by boat to France and then we drove to Stuttgart.  
We stayed a night there and arrived at our holiday flat the next day.  
We speak a little German, but we didn't really understand the way people talk in Bavaria.  
We thought that their language sounded funny.  
The holidays were great. We liked the meals. The people were friendly (except for my English-teacher and my Geography teacher), and it didn't rain.
