The kite in the tree

It is a windy Saturday in October. Finn and his grandpa walk up Bell Hill with Finn's new kite. The kite is red and yellow, and it has got a long blue tail.

5 Grandpa holds the kite, and Finn runs. Soon the kite is high in the sky. "Look, Grandpa! It's above the trees!" Finn shouts. But then the wind gets very strong. The string breaks, and the kite flies away. It lands in a tall tree near a farm.

10 Finn is sad. "We can't get it," he says. Then a girl comes out of the farmhouse. Her name is Ruby, and she is eleven. "Wait here!" she says. She comes back with her dad and a long ladder. Ruby's dad climbs up the ladder and gets the kite.

"Thank you very much!" Finn says. Ruby smiles. "Can I fly it with you?" she asks. So Finn, Ruby and Grandpa fly the kite together. After that, they drink hot chocolate in Ruby's kitchen.
